SUPPORTIVE SERVICES

Supportive Services

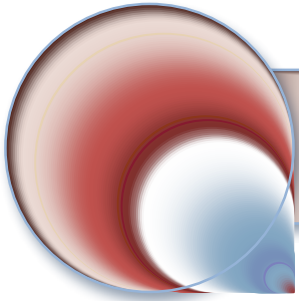

Our permanent housing program provides a caring supportive environment to allow our veterans to rebuild their lives by returning the dignity of self-sufficiency lost to the circumstances that left them homeless. We work in conjunction with many partner agencies to provide a wrap-around case management services that give our veterans a comprehensive support environment.

Case Management

ZK provides Wrap-Around Case Management- this strategy involves “wrapping” a comprehensive array of individualized services and support networks “around” our veterans, rather than forcing them to enroll in pre-determined, inflexible treatment programs.

All referrals and appointments are made to professional, licensecounseling and day treatment programs.
